

## How to Open a PPS Account

PPS is a convenient and simple phone and online bill payment solution that enables you to pay your bills anytime, anywhere. Payments can be made to an ever-increasing number of companies and organizations through any phone or Internet-linked computer, from your pre-registered bank accounts of 21 different banks, around the clock.

You can open your PPS account in one of the many PPS Registration Terminals. To open your PPS account, you have to produce your ATM card, or credit card with ATM function. There are hundreds of PPS registration terminals all over Hong Kong, including most Circle K convenience stores, HKT Shops and some major banks. These terminals can provide you with the convenience of setting up a PPS account, changing password, updating mobile phone & other related services. You can click the below link to find a terminal which is near your place <http://www.ppskh.com/hkt/prt/Web/en/>
